...I thought I said something wrong with my post on our private chat and you said they was a reason that you unfriended me.

I...I usually don't get sensitive over things like this, but, I thought I was being a terrible friend for saying what I did (*if* my post even posted) to you. I should've thought of better words to say.

I thank you Ishmael for your concern. I think the only reason I am in this is because I always seem to want to protect my friends and keep them from having disagreements or other such things.

I...I-if you don't mind, Pluto. I'd...I'd like some time to think about it. Right now, I'm really confused and some other things. I'll let you know when I'm ready.

Please don't leave. Fallon, it wasn't your fault. It was mine. I thought you said I deserved all these things that were happening. But you were saying you didn't know what I meant. Please Fallon please don't go. You're my best friend on here, and maybe even in the whole world, along with Wiz. But you helped me through all of... Well....everything. Please, I'm really sorry. I don't know what I would do without you. I would have all of this anger boiled up inside of me with no one to give it to. But you got rid of that. You thought me, probably without knowing it, about not taking my anger out on on someone else. You were funny, and you made jokes at the right time. I told Nacho what you said the day after the accident, and he smiled for the first and only time that day. Fallon, please don't be mad. If you take a break, can you still check and maybe post? Nacho's surgery is...today. But please, I could not have gotten through this without you.

If Fallon needs to take a break, then let her. It doesn't mean she's leaving forever, it means she's coming back. She said she was taking a break. I myself have been in a position where this place wore on my mental health and interfered with my real life, and I needed to leave to clear my mind. Don't pressure her into staying, she clearly thought about this and needs a break.

I am also watching this thread and the others.

Pluto, I understand you're upset. Fallon has been an important, good friend to you. The best thing you can do for her is let her take the time she needs to take care of herself - that's being a good friend to her.

Just like offline friendships, friends online can get into fights and have miscommunications. Sometimes you need to take a break from each other or from the community, just like how if you get into a fight with an offline friend you might not want to see them until you cool down or simply might need to leave the room for a few minutes to collect yourself. Taking a break is a super healthy thing to do, it's what I always recommend doing first and foremost if someone has said something you found upsetting. The most important thing is your own mental health, and if things on the forums start to affect that negatively, please take the break and/or don't pressure someone into staying if they need to take a break.

I highly, highly recommend everyone read Galaxian's post here: /353832, he writes very eloquently about online communication.

To prevent this from continuing to escalate I'll be freezing or removing any posts on this topic for today. Those that need to take a break deserve to without worrying about the conversation getting out of control while they're gone.

I forgive you, Pluto. And like I said in my thread, I may or may not be on to chat... But know this... Even though this happened and there are some misunderstandings and some hurt feelings, I'll...I'll always be with you in spirit. Even if I'm not on the forums, *know* that I'm thinking of you and still praying for you and your family. I may come back on today later to check how Nacho's surgery went, but after that, I don't know when I'll be on to chat.

P.S. I'm glad that I was able to bring comfort to you and make Nacho happy even when I thought my words wouldn't help. I'll be back, Pluto. ***I'll be back.*** I...I just don't know when. But when I do, I'd like to talk to my ***sister***(***you***) and see how she's(***you're***) doing.
